

I HAVE EXTRA INNINGS

When patients like Hannah Real and her grandfather, D.D. Real, need help getting back in the game, North Mississippi Medical Center-Hamilton's rehabilitation team provides the assistance and treatment necessary. With state-of-the-art exercise equipment and a full lineup of physicians, physical therapists, a case manager, social worker and speech-language pathologist, they can help patients get back to daily life. For Hannah, this means more ballgames to play and more chances for her grandfather to cheer her on.

All our best,
