### HENDERSON RESIDENT BEGINS NMMC FAMILY MEDICINE RESIDENCY PROGRAM

HENDERSON, Tenn.—Candice Johnson, D.O., of Henderson, is one of six residents who recently began their family medicine residency at the North Mississippi Medical Center Family Medicine Residency Center in Tupelo.

“The family medicine residency training program emphasizes quality medical education through traditional medical and surgical rotations. The program’s quality is also enhanced by a broad-based curriculum in family medicine in the NMMC Family Medicine Residency Center and in rural rotations throughout North Mississippi Medical Clinics,” said Edward Hill, M.D., interim residency director. “Our primary goal is to increase the number of board-certified family physicians in Mississippi, and this program is leading us in that direction.”

Dr. Johnson graduated from the University of Memphis with a bachelor’s degree in biology and a minor in chemistry. She received her medical training from the Pikeville College School of Osteopathic Medicine in Kentucky. She is a member and vice president of the American College of Osteopathic Family Physicians and a member of the Student Osteopathic Medical Association.

She is the daughter of Leon “Buddy” and Barbara Johnson of Henderson.

For more information on the NMMC family medicine residency program, call (662) 377-2189 or 1-800-THE DESK (1-800-843-3375).
