TUPELO, Miss.—HealthWorks! recently celebrated its first birthday, and asked people who came to the celebration to bring a new baby rattle or toy to donate to the North Mississippi Medical Center pediatric unit. HealthWorks! representatives took the toys to the unit and visited patients while they were there. They gave the patients HealthWorks! signature “whappy” hats, stuffed toys, pencils, rulers, books and stickers to help brighten the children’s hospital stay. Pictured here are Emily Guyton of HealthWorks!, Jessica Thornton, RN, Ashley Oakes, unit coordinator, Noel Denton, respiratory therapist, Judy Hughes, RN, and Kathy Tucker of HealthWorks! Employees on the pediatric unit donned the “whappy” hats while the HealthWorks! representatives visited.
