Program Accreditation
North Mississippi Medical Center is accredited by the Mississippi State Medical Association to provide continuing medical education for physicians.

NMMC designates this live educational activity for a maximum of 6.0 AMA PRA Category 1 credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

NMMC is an approved provider of continuing nursing education by the Mississippi Nurses Foundation, Inc., an accredited Approver by the American Nurses Credentialing Center’s Commission on Accreditation.

This organization, North Mississippi Medical Center, DP# SWB12012, is approved as a provider for continuing education by the Mississippi Board of Examiners for Social Workers and Marriage & Family Therapists; Approval Period: 03/23/2019-03/23/2020

NMMC is an NBCC Approved Continuing Education Provider (ACEP) and may offer NBCC approved clock hours for events that meet NBCC requirements. NMMC is solely responsible for all aspects of this program. Pastors/ministers are approved for continuing education credits for attending this conference.

An education credit request has been submitted to the Mississippi State Board of Physical Therapy.

Purpose

It is essential for all healthcare providers, especially those delivering care daily in a clinic setting, to have knowledge of caring for the mental health of the people of our region. This one-day activity will address the presentation and treatment of mental health diagnoses and provide an awareness of transitions in care by identifying key processes to improve the overall care of the mental health patient. The target audience for this activity includes primary care and acute care physicians, nurse practitioners, counselors, nurses, social work, administrators and other healthcare providers interested in the content of this activity.

Faculty Disclosure

Current guidelines state that all speakers and planners of a CME approved activity must disclose to the audience any real or apparent conflict(s) of interest related to the content of the presentation. Faculty are also expected to inform the audience whether or not presentations will include discussion of an unlabeled or investigational use of a product or device not yet approved by the FDA for the use being presented. All disclosures will be available to each attendee in the activity packet, which will be distributed prior to the beginning of the conference.
